

Black Hairy Tongue Radio Transcript

MUSIC: COUNTRY ROCK

SINGER: I'm a real live kicker
Got a way with the ladies
They know I'm always lookin' for fun
Got the boots,
Got the hat,
Got the dip ring in the back
But the thing that always gets 'em is my black hairy tongue.

Well, the doc said my dippin'
Caused this medical condition
That makes my tongue look like a shrub
My friends, they're all laughin'
And my girlfriend's packin'
'Cause they can't stand the sight of my black hairy tongue.

You know my buddies and me
We used to think that dippin' was fun
And it all started out with just a pinch
between my cheek and my gum.

When I open my yap
Looks like a furry jock strap
Got some floss?
I could sure use some
Now who's next on the list
To get a big, wet kiss
From the good lookin' man with the black hairy tongue.

ANNCR: Nasty medical side effects like tongue fungus. Another reason dippin' does you dirty. Learn more at SpitItOutTexas.org.
